### FRIDAY Week 2

**Legato:** This exercise takes the basic legato moves from the C major pentatonic scale that you learned last Friday and strings them together on each string. So instead of just performing hammer-ons on the way up and pull-offs on the way down, you'll be playing either a hammer/pull or a pull/hammer throughout. Try to make the hammer-ons and pull-offs equal in volume, and make sure your tempo is steady throughout. It's easy to rush through these legato combination moves.
